

Calvin D. Cartwright

Education

TX Pipe Design Certificate, Southwestern University, Houston, TX (1966)
Brazosport College, Clute, TX
Engineering, Alvin College, Alvin, TX
Brewton Parker College, Mount Vernon, GA

Professional Experience

Calvin Cartwright is the CEO and Chairman of the Board of MRI Facility, LLC: a firm specializing in development of MRI Medical Imaging Centers throughout the United States since July 1989. Calvin was previously the National Marketing Specialist for General Electric Healthcare, where he was responsible for marketing and developing MRI Imaging Centers. Calvin has served on the Board of directors for numerous banking and industrial companies. Prior to 1984 Calvin was involved in the management of general construction companies: designing and building coal power plants, nuclear power plants, chemical plants, bridges, pipelines, banks, commercial buildings, and chemistry labs.

Calvin has been responsible for more than 700 MRI imaging facilities, more than any person or company in the world.

Personal Information

Calvin was born October 12, 1945 in Freeport, TX. He lived in Texas until 1987 when he, his wife, of over 50 years, and their five children moved to Atlanta, GA. Now he has nine grandchildren also living in the Atlanta area.
